

**Opportunity name:**

## **Creative video and photo person to follow our pilot and create amazing case studies**

**Status:** Open

**Contact person:** Belle Hogg

**Contact email:** [digitalsquads@dta.gov.au](mailto:digitalsquads@dta.gov.au)

**Contact phone (optional):**

**Department/Agency:** Digital Transformation Agency

### **What you'll help us achieve**

We need a storyteller to help create case studies for the OneAPS pilot. OneAPS is testing short-term opportunities to promote mobility and capability uplift in the APS. Working with our user researcher, you will capture images and video of people working on opportunities across various government agencies. You will then create case studies which will form a library to show how OneAPS opportunities work.

You will need your own camera and access to editing software. The ability to travel around Canberra would be good.

We don't necessarily require a communications specialist - we need someone who can tell a story well and communicate in a creative way. We would be very happy to discuss this opportunity with you if you'd like to bounce ideas of how it could work.

### **What you'll gain from this experience**

From this opportunity you may learn about:

- Design thinking
- Research interviews
- Connections at the DTA
- How OneAPS works
- What the Digital Profession is about

### **About our team**

OneAPS is a pilot of short-term mobility opportunities. It is closely linked to the Digital Profession. OneAPS is developed by the Digital Squads team in the Digital Transformation Agency.

Joining us means joining a team of thinkers and doers from diverse disciplines, ages and experiences. Our multidisciplinary team includes a service designer, agile lead, user researcher and visual scribe. We are a very open and collaborative team that works hard while learning from each other. Management is very supportive of the ways we work. You will work with our senior user researcher Krista who is a research legend!

**Relevant skills:**

Photography; Videography; Storytelling; Collaboration; Communication; Content design

**Additional information (optional):**

Days may vary depending on bookings with people participating in OneAPS opportunities. This would involve a bit of travel as you will need to visit with the participants in their workplaces to shoot video and photos as well as write stories.

We use the following tools in our ways of working (it's ok if you don't know them!):

- Jira
- Skype
- Slack
- GovTeams
- SharePoint
